## JOURNEY INTO HISTORY

The *USS Potomac* was originally built in 1934 as the Coast Guard cutter *Electra*. She was renamed and converted to the Presidential Yacht *USS Potomac* by Franklin D. Roosevelt as a US Navy vessel in 1936.

Today, beautifully restored, the *Potomac* is an active and exciting part of the San Francisco Bay scene. Dockside tours take place year-round on Wednesdays, Fridays and Sundays.

Two hour History Cruises occur on San Francisco Bay on alternate Thursdays and Saturdays. Cruises are led by our knowledgeable Docents. A narrator gives a commentary on the exciting historical sites on the Bay. The *Potomac* also offers free educational programs for students.

The Association is run almost exclusively by a group of over 90 dedicated and knowledgeable volunteers. The ship is available for Private events and charters by contacting the *Potomac* office.
